

**ASSEMBLY AMENDMENT 6,  
TO 2009 SENATE BILL 185**

September 16, 2009 – Offered by Representatives Huebsch and Ripp.

\*\*\* AUTHORS SUBJECT TO CHANGE \*\*\*

1           At the locations indicated, amend the bill, as shown by senate substitute  
2           amendment 2, as follows:

3           **1.** Page 11, line 22: after that line insert:

4           “1m. “Buildable residential site” means the part of a parcel, which is zoned for  
5           residential use, in which a residence may be lawfully constructed or in which an  
6           addition to an existing residence may be lawfully constructed.”.

7           **2.** Page 12, line 10: after “energy systems” insert “, and the rules shall specify  
8           the minimum required distance between a wind energy system and residence and  
9           between a wind energy system and the perimeter of a buildable residential site,  
10          except that the rules shall allow the owner of a residence or buildable residential site  
11          to waive, in writing, the minimum distance requirement”.

12          **3.** Page 12, line 12: delete “setback”.

1           **4.** Page 12, line 13: delete “distances,”.

2 (END)
